Science and Creation

1. The following are brief comments which support the creationist view of life and confirm the Biblical statements on science. Science supports creation rather than the theory of evolution.
2. Genesis 1 and 2 tell the correct sequence of created matter and life.

3. Atmosphere

a) Carbon 14. Scientists say that the production of Carbon 14 should reach equilibrium with Carbon 12 when the atmosphere is 40,000 years old. Modern calculations show that Carbon 14 is being produced at 3 1 greater rate than it is decaying. This indicates the atmosphere is less than 10,000 years old. Carbon dating is based on the speed of light which has been found not to be constant but gradually reducing in speed.

b) Helium. Produced by the action of cosmic rays on the atmosphere the amount of helium present in the atmosphere indicates an approximate age of 10,000 years. No atmosphere 10,000 years ago - no life thus fossils and men are contemporaries.

4. Oceans

Cosmic dust enters the atmosphere at 14.3 million tons per annum. If the earth was 4.5 billion years old the earth should have a dust blanket in excess of 100 feet in depth. This doesn't allow for the greater rate of dust deposit which most scientists believe occurred in ancient times. The dust is not evident. This dust has been subject to rain translating the dust from the land via the new system to the oceans.

a) Nickel. Assuming that the oceans were initially of absolutely pure water we would expect a certain amount of nickel deposits in the ocean as though somewhat rare on earth nickel is common in cosmic dust. There should be 950 pounds of nickel per square foot of ocean floor if the earth is 4.5 billion years old. The amount of nickel present in the ocean indicates an age of 9,000 years for the ocean.

b) Uranium and Silicon. Similar readings with uranium and silicon give ocean ages of approximately 10,000 years only.

5. The Earth's Crust

a) Magnetic Field

The magnetic field of the earth has a half life of 1,400 years. This means that 1,400 years ago the magnetic field was twice as strong, 2,800 years ago four times as strong , etc.

By continuing this process back into history by 8000 BC it has been calculated that the magnetic field would be the same as a magnetic star precluding life on the planet. A magnetic star maintains its field by thermo-nuclear reaction.

Projecting forward by 3100 AD the magnetic field decaying at its present rate will collapse causing the Van Allan belt to disintegrate allowing massive radiation of the earth which will end life on this planet. (This excludes divine intervention in the Millenium). The magnetic field is less than 10,000 years old.

b) Earth's Molten Core

The famous scientist Lord Kelvin calculated the heat loss from the molten core of the earth through the earth's crust and showed that the earth was far younger than its estimated 4500 million years. He also estimated the age of the sun as being young.

6. Biology

a) Mules. Mules are formed by crossing horses and donkeys. Whilst male mules are always infertile, occasionally a female mule can produce offspring. By crossing a male horse with the mule a horse will always result. Similarly a male donkey will produce a donkey. Nature will revert back to its own kind.

b) Cereals. Hybrid grains can be grown but are generally infertile. With the recrossing of wheat or oats with the hybrid wheat or oats are formed, never the hybrid.

7. Geology

a) The Geological Column according to evolutionary theory ranges from Pleistocene in the Age of Mammals to Pre Cambrian of 570 million years or more. There are 15 subdivisions in this column. Nowhere in the world does the geological column exist in its correct order in nature.

b) In the column Trilobites are in the Cambrian period of 500 to 570 million years. In recent years a fossil of a trilobite has been found with a human sandal print superimposed over it showing trilobites and man coexisted on the earth at the same time.

c) In the Paluxy River, Texas, along the river bed are lines of dinosaur foot prints, foot prints of man and children together with giant foot prints 18" long. (Genesis 6:1-6). Giants in the land.

d) In the Appaluchian Mountains from Maine to Georgia are human foot prints in granite.

e) Supposed "missing links" in humanity.

i) Neanderthal Man is now considered to be modern man. The famous French general Lafayette had a perfect Neanderthal skull.

ii) Cro-Magnon Man had a brain capacity of 1450 cc towards the upper limit of human craniums nowadays which range from 900 cc to 1500 cc. Cro-Magnon had a skull exactly like Charles Darwin.

iii) Piltdown Man, found in East Sussex was found to be an elaborate hoax which fooled the scientific community for over 40 years.

iv) Nebraska Man was created from a tooth. The tooth was eventually identified as a pig's tooth.

v) Java Man was constructed from a cranium and jaw found many metres apart in a gravel bed in Java.

8. Astronomy

a) Jupiter and Satum both give out 21/2 times the heat received from the sun showing they are young bodies.

b) lo, one of the moons of Jupiter, not only has an atmosphere but has active volcanoes.

c) Titan, the largest moon of Saturn also has an atmosphere. This indicated that the moon is less than 10,000 years old.

d) The rings of Saturn are undulating not smooth. By the gravitational pull of Saturn it is estimated that the rings would have smoothed out completely between 10,000 and 100,000 years.

e) Astronomers agree that comets have a life of no more than 10,000 years. Assuming that comets are not being created this shows a solar system of less than 10,000 years.

f) When the first space ships landed on the moon NASA expected that there would be a 28 mile thick layer of dust of the consistency of icing sugar. NASA spent $1,000 million experimenting for a successful soft landing. When Neil Armstrong stepped on the moon he found the dust on the surface averaged 3" in thickness indicating some 8,000 years in age.

g) Space probes were sent to Mars and Venus to try to find life. Both were unsuccessful.

9. Thermodynamics

a) 1st Law - Energy is neither created nor destroyed. It changes from one state to another - this supports creation.

b) 2nd Law - When changes take place, the structure always becomes less organized, never more complex. Creation confirms this. Evolution is based on the opposite stance of simple systems becoming more organized or complex.

c) This very brief topic shows clearly how science supports the fact of creation rather than the theory of evolution with a likely date of original creation less than 10,000 years ago.

[illegible]

[illegible]

1. When a person truly trusts Jesus Christ for salvation, he is saved forever. He cannot lose his salvation.

2. POSITIONAL APPROACH (Romans 8:38-39)

We are united with Christ ("in Christ"). Absolutely nothing can separate us from the love of God which is in Christ.

3. LOGICAL APPROACH (Romans 8:32, Romans 5)

As unbelievers we are enemies of God (Romans 5), as believers we are his children. If he did the most for his enemies what will he do for his children? This excludes loss of salvation for he saved us while we were his enemies.

4. GOD'S HANDS APPROACH (John 10:28, Psalm 37:24)

Neither shall anyone seize them out of my hand. God is all-powerful.

5. EXPERIENTIAL APPROACH (2 Timothy 2:12-13)

If we deny Christ He is going to deny us rewards (context=suffering and rewards). If we renounce Him, HE REMAINS FAITHFUL. The believer is in Christ and Christ indwells the believer. He cannot deny Himself.

6. THE FAMILY APPROACH (Galatians 3:26, John 1:12)

When you believe in Christ you are born again as a child of God. You cannot be unborn, once a child always a child.

7. THE INHERITANCE APPROACH (1 Peter 1:4-5)

We have an inheritance incorruptible, undefiled which fadeth not away, reserved in heaven for us who are kept by the power of God. Perfect tense - it will always be reserved, since it is kept by God, not us.

8. THE SOVEREIGNTY APPROACH (2 Peter 3:9, Jude 24)

He is not willing that any should perish - refers to the whole human race (2 Peter 3:9) Now unto him who is able to keep you from falling (from perishing). Once you are saved, it is His will that you don't perish.

9. THE BODY APPROACH (1 Corinthians 12:21, Colossians 1:18)

Christ is the head, we are the members of the body. If any are lost, the body of Christ is incomplete.

10. THE GREEK TENSE APPROACH (Ephesians 2:8-9)

"For by Grace are ye saved." Perfect tense of the verb "sozo". For by Grace have you been saved in the past so that you go on being saved forever.

11. THE SEALING MINISTRY OF THE HOLY SPIRIT APPROACH (2 Corinthians 1:22, Ephesians 1:13, 4:30)

10. The descendants of the High Priest

a) Succession occurred upon the officiating high priest's death with the eldest surviving son's installation (Numbers 20:28).

b) The line was promised to pass down through Phinehas eldest son of Eleazer, the son of Aaron (Numbers 25:10-13). Eli was a legitimate priest and descendant of Ithmar, but not an high priest; the switch in the line took place during Saul's reign. It was rightfully restored to the line of Eleazer during Solomon's reign (1 Kings 2:26, 27, 35). When Israel was about to go under dispersion in Jeremiah's day, Seraiah was high priest. He was captured by Nebuzar-adam and executed at Riblah (2 Kings 25:18-2 1). His son Josedech,

who should have inherited the office, never served as high priest but lived and died in captivity at Babylon (Haggai 1:1-14). His son Joshua assumed the office when the High Priesthood was restored in the days of Zechariah and Zerubbabel (Zechariah 3).

c) His successors were Jothum, Eliashia, Joiada, Johanan, and Jaddua, who served in time of Alexander the Great. He met Alexander's conquering army with a scroll of Daniel in his hand. By reading him those passages dealing with him Jaddua won Alexander's friendship for the Jews.

d) Jaddua's successors were Onias I and Simon the Just. Onias II, too young to become the high priest, was set aside in favour of Simon's brother Eleazer.

e) The high priesthood was passed down to the Asmonaean family of the course (class or order) of Joiarits (1Chronicles 9:10, 24:7, Nehemiah 11:10), and continued in that line until Herod the Great destroyed that family, the last high priest, Aristobul being murdered by order of Herod (Herod the Great's brother in law) in 35 BC.

f) There were twenty-eight high priests until the year 70 AD. Two high priests related to the death of Christ were Caiaphas and Annas.

172. Science and Creation

1. The following are brief comments which support the creationist view of life and confirm the Biblical statements on science. Science supports creation rather than the theory of evolution.2. Genesis 1 and 2 tell the correct sequence of created matter and life.

3. Atmosphere

a) Carbon 14. Scientists say that the production of Carbon 14 should reach equilibrium with Carbon 12 when the atmosphere is 40,000 years old. Modern calculations show that Carbon 14 is being produced at 3 1 greater rate than it is decaying. This indicates the atmosphere is less than 10,000 years old. Carbon dating is based on the speed of light which has been found not to be constant but gradually reducing in speed.

b) Helium. Produced by the action of cosmic rays on the atmosphere the amount of helium present in the atmosphere indicates an approximate age of 10,000 years. No atmosphere 10,000 years ago - no life thus fossils and men are contemporaries.

4. Oceans

Cosmic dust enters the atmosphere at 14.3 million tons per annum. If the earth was 4.5 billion years old the earth should have a dust blanket in excess of 100 feet in depth. This doesn't allow for the greater rate of dust deposit which most scientists believe occurred in ancient times. The dust is not evident. This dust has been subject to rain translating the dust from the land via the new system to the oceans.

a) Nickel. Assuming that the oceans were initially of absolutely pure water we would expect a certain amount of nickel deposits in the ocean as though somewhat rare on earth nickel is common in cosmic dust. There should be 950 pounds of nickel per square foot of ocean floor if the earth is 4.5 billion years old. The amount of nickel present in the ocean indicates an age of 9,000 years for the ocean.

b) Uranium and Silicon. Similar readings with uranium and silicon give ocean ages of approximately 10,000 years only.

5. The Earth's Crust

a) Magnetic Field

The magnetic field of the earth has a half life of 1,400 years. This means that 1,400 years ago the magnetic field was twice as strong, 2,800 years ago four times as strong , etc.

By continuing this process back into history by 8000 BC it has been calculated that the magnetic field would be the same as a magnetic star precluding life on the planet. A magnetic star maintains its field by thermo-nuclear reaction.

Projecting forward by 3100 AD the magnetic field decaying at its present rate will collapse causing the Van Allan belt to disintegrate allowing massive radiation of the earth which will end life on this planet. (This excludes divine intervention in the Millenium). The magnetic field is less than 10,000 years old.

b) Earth's Molten Core

The famous scientist Lord Kelvin calculated the heat loss from the molten core of the earth through the earth's crust and showed that the earth was far younger than its estimated 4500 million years. He also estimated the age of the sun as being young.

6. Biology

a) Mules. Mules are formed by crossing horses and donkeys. Whilst male mules are always infertile, occasionally a female mule can produce offspring. By crossing a male horse with the mule a horse will always result. Similarly a male donkey will produce a donkey. Nature will revert back to its own kind.

b) Cereals. Hybrid grains can be grown but are generally infertile. With the recrossing of wheat or oats with the hybrid wheat or oats are formed, never the hybrid.

7. Geology

a) The Geological Column according to evolutionary theory ranges from Pleistocene in the Age of Mammals to Pre Cambrian of 570 million years or more. There are 15 subdivisions in this column. Nowhere in the world does the geological column exist in its correct order in nature.

b) In the column Trilobites are in the Cambrian period of 500 to 570 million years. In recent years a fossil of a trilobite has been found with a human sandal print superimposed over it showing trilobites and man coexisted on the earth at the same time.

c) In the Paluxy River, Texas, along the river bed are lines of dinosaur foot prints, foot prints of man and children together with giant foot prints 18" long. (Genesis 6:1-6). Giants in the land.

d) In the Appaluchian Mountains from Maine to Georgia are human foot prints in granite.

e) Supposed "missing links" in humanity.

i) Neanderthal Man is now considered to be modern man. The famous French general Lafayette had a perfect Neanderthal skull.

ii) Cro-Magnon Man had a brain capacity of 1450 cc towards the upper limit of human craniums nowadays which range from 900 cc to 1500 cc. Cro-Magnon had a skull exactly like Charles Darwin.

iii) Piltdown Man, found in East Sussex was found to be an elaborate hoax which fooled the scientific community for over 40 years.

iv) Nebraska Man was created from a tooth. The tooth was eventually identified as a pig's tooth.

v) Java Man was constructed from a cranium and jaw found many metres apart in a gravel bed in Java.

8. Astronomy

a) Jupiter and Satum both give out 21/2 times the heat received from the sun showing they are young bodies.

b) lo, one of the moons of Jupiter, not only has an atmosphere but has active volcanoes.

c) Titan, the largest moon of Saturn also has an atmosphere. This indicated that the moon is less than 10,000 years old.

d) The rings of Saturn are undulating not smooth. By the gravitational pull of Saturn it is estimated that the rings would have smoothed out completely between 10,000 and 100,000 years.

e) Astronomers agree that comets have a life of no more than 10,000 years. Assuming that comets are not being created this shows a solar system of less than 10,000 years.

f) When the first space ships landed on the moon NASA expected that there would be a 28 mile thick layer of dust of the consistency of icing sugar. NASA spent $1,000 million experimenting for a successful soft landing. When Neil Armstrong stepped on the moon he found the dust on the surface averaged 3" in thickness indicating some 8,000 years in age.

g) Space probes were sent to Mars and Venus to try to find life. Both were unsuccessful.

9. Thermodynamics

a) 1st Law - Energy is neither created nor destroyed. It changes from one state to another - this supports creation.

b) 2nd Law - When changes take place, the structure always becomes less organized, never more complex. Creation confirms this. Evolution is based on the opposite stance of simple systems becoming more organized or complex.

c) This very brief topic shows clearly how science supports the fact of creation rather than the theory of evolution with a likely date of original creation less than 10,000 years ago.

<u>(Study each of the Biblical passages and discuss the concept behind them with the group).</u>

<u>[illegible] 7:14-25 -</u>THE “WRETCHED MAN” – FACING OUR SINFUL REALITY. - "[illegible]" -- [illegible].

(Unless we face the facts, we live a lie and are open to deception from all sources; human and angelic.)
([illegible], [illegible], [illegible], [illegible], [illegible]).

[illegible] 8:1-18 - THE GLORY OF KNOWING THE POWER OF THE INDWELLING CHRIST. [illegible]:

(There is hope for all who face the facts of their Old Sin Nature and the greater power of the indwelling Lord and Holy Spirit, 1 John 4:4-6, for then we are "plugged into" the power for spiritual victory)
([illegible], [illegible], [illegible], [illegible]. 1 [illegible] 4:4-6, [illegible] ["plugged into"] [illegible].

[illegible] 4:20-32 - PUTTING OFF THE OLD AND PUTTING ON THE NEW: [illegible], [illegible].
[illegible] 3:8-16 - PUTTING OFF AND PUTTING ON: [illegible].

(Our old behaviours are the result of our early "programming" and the choices we have made later; all of this being laid over our genetic strengths and weaknesses, but in Christ, and through the Holy Spirit's power we can re-program our inner computer.)
([illegible], [illegible], [illegible], [illegible], [illegible], [illegible], [illegible], [illegible], [illegible])

[illegible] 5:17-29 - THE RELATIONSHIP OVERFLOW OF THIS CBT TOOL: [illegible] CBT [illegible], [illegible].
[illegible] 3:17-19 - RELATIONSHIP OVERLFOW OF CBT: CBT [illegible].

(If the Holy Spirit is active in our life there will be evidence of it in our daily walk through life, and especially in our relationships with loved ones and others we meet. No change = no Spirit!)

([illegible] = [illegible].)

[illegible] 3:10-17 - FORGETTING THE PAST AND FOCUSING FORWARD: [illegible].

(It is not a “one shot decision” to make change, for the old patterns are tenacious. They must be identified, understood, targeted, replaced and we must rebuild new patterns through the Holy Spirit’s work upon the Word of God, to firmly establish and live and celebrate daily in the new life we now have.)

([illegible] "[illegible]" [illegible])

[illegible] 4:4-9 - FILLING THE MIND WITH POSITIVE THOUGHT PROCESSES SQUEEZING OUT THE NEGATIVES FROM LIFE : [illegible].

(The mind acts like a vacuum; it will suck in all evil around if there is not positive pressure from good working out from the centre of our being. We squeeze evil out by leaving no room within for it to grow.)

[illegible].

[illegible] 2:20-22 - SAYING NO TO THE “EASY FIX” OF LEGALISM: [illegible] "[illegible]" [illegible].

(The great “cons” of Satan are initially focused on down playing sin and evil so that believers are neutralized by them uncontrolled within their lives, but if that fails he has an even better plan to neutralize the grace of God within us. This plan is the “super-spiritual” plan of legalism, whereby foolish men

get to feel really superior because their sins are more refined than their neighbours! Legalism is false spirituality that feeds of the great sin of pride and arrogance, the very opposite of God’s grace and mercy, and the complete opposite of the servant heart of the Lord Jesus. Matthew 7:15-20.)

([illegible] "[illegible]" [illegible] "super-spiritual” [[illegible] -- [illegible]] [illegible]. [illegible] 7:15-20.)
